Andrijana Opačić

About me

I am a fourth-year student at the Faculty of Organizational Sciences, with experience in various student projects that helped me develop strong skills in teamwork, organization, problem-solving, and adaptability. I am eager to gain new skills through practical experience in software development, working on real projects and contributing to solutions with tangible impact.

Skills

- Java, C, C#, Python
- React, Spring Boot, Next.js
- SQL, T-SQL
- WordPress
- Adobe Premiere Pro
- Microsoft Office
- English – B2
