

Andrijana Opačić

About me

I am a fourth-year student at the Faculty of Organizational Sciences, with experience in various student projects that helped me develop strong skills in teamwork, organization, problem-solving, and adaptability. I am eager to gain new skills through practical experience in software development, working on real projects and contributing to solutions with tangible impact.

Skills

- Java, C, Python
- React, Spring Boot
- SQL
- WordPress
- Adobe Premiere Pro, CapCut, Canva,
- Microsoft Office
- English – B2
